

ZeoCare Aq

Natural Zeolite with Probiotics

Disired growth in cleaned environment

COMPOSITION

Mineral Zeolite- 99.80%
Bacillus species - NLT 2000 Million CFU / gm

PROBIOTIC

Various strains of Bacillus species help to prevent and control the gut bacteria pathogens, improves water quality and stabilizes oxygen level in water.

BENEFITS

- Adsorption of Toxic gases to make the water clean and healthy for the Aquatic species.
- It purifies the water and improves Oxygen content of water.
- Regulates pH level of pond water.
- Provides Micronutrients.
- Improve mold of pond to make best ventilation for soil.
- Absorbs odour, suspended solids, waste and dirty material produced from unutilised feed, dead plants and fish etc.
- Functions as a natural food for fishes and shrimps.
- It absorbs toxic gases like Ammonia, Nitrate and Hydrogen Sulphide.
- Clean the pond by increasing growth and reproduction of Plankton.

SUGGESTED USAGE

10-20 kg Powder per Acre of Pond
or As per advise of
Aquaculture Consultant

PRESENTATION

1KG, 10KG & 25KG
